

ACTING MAYOR-SELLO J BAHUMI

Greetings fellow citizens of Letsemeng Local Municipality.

Let me first start by wishing all women a prosperous women's month harbored by eternal peace and harmony.

REFUSE REMOVAL

Importantly; let me acknowledge and apologize sincerely on behalf of the entire Council for the unforeseen interruptions on scheduled refuse removal days.

It is the responsibility of the Municipality to communicate with its residents whenever a problem arises that could hamper service delivery. Communication is the foundation and essence of any relationship.

The relationship between the Municipalities and its community serves as the foundation for sustainable development, where constant creative engagement precedes any action.

The Municipality will continue to foster a culture of transparency and accountability and to promote effective and pro-active communication.

Very soon ward Councilors will provide the community with the programme of their monthly community meetings for them to effectively interact with their respective constituencies

DRAIN SPILLAGES

A full report which entails a number of challenges with recommendations will be tabled in the next Council sitting. Communities will be engaged fully on the contents of the reports through your respective ward councilors

Payment of Services

The constitution of the republic mandates local government to provide sustainable services to its citizen, However, for a municipality to be able to provide these services, resources are needed, it on this basis that we request that Community of Letsemeng to pay for their accounts, Municipality is owed collectively over R 200 million.

As a means of assisting our citizens to pay for services, we have initiated Operation Patala campaign, where a discount of up to 50% is given to community members that settle their outstanding accounts in full as a once off payment. For further information pertaining to this matter, kindly contact Manager: Revenue – Lerato Singonzo – 053 33 00 207.

REGARDS 
Cllr Sello J Bahumi
