Mayor Mrs Reachable of Letsemeng Municipality officially opened the Ithemba Lethu creche.

Story: The Ithemba Lethu creche was officially opened by the local mayor, Mrs Reachable of Letsemeng Municipality on 9 March 2012. The learners were overjoyed because they are not used to so much attention and care in one day. They received toys, books and games. It was heaven on earth for the children and they could not stop running and singing. One of the songs sung was "Jesus het my mooi gemaak" by the children and later the community joined in. This event would not have been possible without the joint partnership between the SAPS, CPF, the Department of Social Development, Rural Development and, of course, the NDA. All thanks was conveyed to the stakeholders mentioned.
